### **Livingston County 911 Announces LIVCO Alerts through Rave Mobile Safety to Keep Community Informed During Emergency Situations**

**Livingston County, Michigan-** Public Safety Officials in Livingston County are announcing that LIVCO ALERTS is now available to all residents. Rave Mobile Safety is a free service that allows individuals to sign up for notifications sent from state and local authorities. LIVCO Alerts keeps residents and travelers informed on potentially hazardous situations involving weather, traffic, and other emergencies.

“LIVCO Alerts enables authorities to notify the community in real time,” said Chad Chewning, 911 Director. “This service allows for critical communication with the public and provides individuals with the information needed to stay safe or take precautions during hazardous or emergency situations.”

LIVCO Alerts enables residents and travelers to Livingston County to sign up for free at <https://www.smart911.com/smart911/ref/reg.action?pa=livgov> to receive timely and actionable emergency alerts via email, text, or voice message. They can also identify when and how they are alerted and communicated with before, during, and after emergencies.

Livingston County residents and travelers can also download the Smart911 app to sign up for LIVCO Alerts to receive key information needed in an emergency. The Smart911 app provides enhanced functionality by sending targeted alerts based on user’s location. Smart911 app users will receive the highest priority National Weather Service alerts including tornado warnings, flash flood warnings, and severe thunderstorm warnings based on their real-time location. Download the Smart911 App on the Apple Store or Google Play or by texting “Smart911” to 67283. “Community members will receive notifications that will improve safety in our city and help inform residents of potentially lifesaving actions they may need to take in an emergency,” said Chad Chewning, 911 Director. “The information sent out by LIVCO Alerts through emergency notifications allows both residents and first responders to be better informed in an emergency situation.”

“Building Excellence through Emergency Communications”

“When authorities have information about a situation, such as storm or emergency, they can be more effective in providing information to the public and appropriate assistance,” said Chad Chewning, 911 Director. “We encourage all members of our community and their families’ sign up for LIVCO Alerts in order to be prepared should an emergency occur.”

Community members are encouraged to sign up for LIVCO Alerts and input their information and notification preferences today at <https://www.smart911.com/smart911/ref/reg.action?pa=livgov> or in the Smart911 app.
