In the Matter of: _____ DOB: _____

I am the custodial parent of the above named child, and together with my spouse, I have submitted a petition seeking the termination of the non-custodial parent's rights in pursuit of a stepparent adoption.

I understand that I must demonstrate that the non-custodial parent has failed or neglected to substantially visit, contact, or communicate with our child during the two years prior to the filing of the adoption petition.

In support of my claim, the following is an accurate statement of the level and type of contact between the above named child and the non-custodial parent during the two years prior to the submission of the adoption petition.
