

WHERE CAN I TAKE LARGE ITEMS OR CONSTRUCTION DEBRIS?

My garbage company won't pick it up.

Although there are no active landfills in Livingston County, there are several landfills, transfer stations and composting businesses located within or near the County that you can take your unwanted or unusable items. There are also numerous companies and organizations that will accept your unwanted items for reuse or recycling. For a list of these locations go to the *Livingston County Guide to Re-use, Re-duce, Re-cycle Safe Disposal*.

The following is a list of locations that you may be able to take your garbage, recycling and compost, as well as large items and construction debris that your trash hauler will not take. Please remember to call before you bring materials to ensure that the service is still available and that there are no additional requirements.
