## Memorandum

**To: Livingston County Board of Commissioners**  
**From: John Evans, Circuit Court Administrator**  
**Date: August 28, 2015**  
**Re: RESOLUTION TO AUTHORIZE A CONTRACT WITH LIVINGSTON COUNTY  
CATHOLIC CHARITIES FOR SUBSTANCE ABUSE TREATMENT SERVICES**

---

The Juvenile Court has a continued need for a Substance Abuse Treatment Program to work with at-risk youth to prevent out-of-home placements. The program in place will continue to provide comprehensive assessments to evaluate the risk level of youth who have alcohol and other drug use issues. Weekly group sessions will be utilized to educate, motivate and assist youth with supportive options to deal with personal change.

Per the Purchasing Policy, Purchasing released a Request for Proposal (RFP) for Substance Abuse Counseling service. Bid documents were posted on the Michigan Inter-Governmental Trade Network (MITN) website and an ad was placed in the local Argus & Press.

Purchasing received five (5) proposals; attached please find the tabulation sheet outlining the pricing submitted by each vendor. After careful review, the Court's evaluation committee is recommending an award to Livingston County Catholic Charities.

The contract with Livingston County Catholic Social Services for a Substance Abuse Treatment Program has a total program cost not to exceed \$50,000.00, of which 50% is reimbursable from the State of Michigan. The court will assess the parents a fee to offset the program cost.

As a result, we are requesting that the attached resolution be approved to authorize entering into a contract with Livingston County Catholic Charities, 2020 E. Grand River Ave., #104, Howell, Michigan, for a three-year period with two options for a one-year renewal, at the County discretion, for a total contract period to not exceed five (5) years.

Treatment activities will include weekly group sessions and individual sessions as needed. Other support activities will be used to enhance the success of the treatment planning (i.e., AA, NA, Engagement Groups, SMART Recovery, Celebrate Recovery, Psychiatric evaluation, Parent Education classes, identifying and using appropriate community resources, etc...).

- a. Group sessions will be utilized to enhance the education, the motivation, and supportive options in dealing with personal change. Group sessions will be on a weekly basis and will run a minimum of 48 weeks throughout the year. Groups will be open-ended and will address the following topics:
  - triggers and powerlessness
  - positive self-worth and utilizing support
  - influence of trauma on emotions and behavior
  - recovery benefits
  - cognitive restructuring
  - communication skills
  - refusal skills and maintaining sobriety
  - relapse prevention
  - developing trust and restoring relationships
  - developing healthy future goals
  - benefits of personal change
  - decision-making skills
- b. Individual sessions will be utilized throughout the course of treatment to support the treatment plan and to assess for individual needs of the adolescent. While group therapy will be the primary treatment modality for most of the referred youth, individual sessions will allow the therapist to evaluate the successful or lack of successful change occurring in the individual adolescent.
- c. Family sessions will include the youth, parent(s) or significant others who may be influential in the client's treatment success.

*Transition/Action:* Individual sessions and group sessions are an opportunity to assist the youth in identifying and accessing appropriate community resources (Engagement group meetings, 12 step program meetings, youth groups, volunteer activities, and/or church activities). LCCC is a strong advocate of family involvement and holds to Family Systems Theory in dealing with substance abuse treatment. Similarly, parents will be encouraged to participate in Al-anon, Celebrate Recovery, parent education/skills classes and other activities that can provide support. The family systems theory suggests that individuals cannot be understood in isolation from one another, but rather as a part of their family, as the family is an emotional unit. Families are systems of interconnected and interdependent individuals, none of whom can be understood in isolation from the system.

*Maintenance:* Monthly reports concerning the juvenile's participation and involvement will be set to the monitoring probation officer or designee. A summary of involvement, including dates of attendance, will be provided to necessary parties (probation, family, etc...) throughout the course of treatment to ensure a team approach to the adolescent's treatment progress and completion.

*Aftercare Planning:* LCCC believes that aftercare is a process that develops throughout the course of treatment. Upon the completion of the Intensive Substance Abuse Treatment Program, the juvenile will, with the input from the therapist, probation, and family, complete an Aftercare Plan including ways to deal with triggers, supportive activities, and their understanding of relapse prevention needs. Client and significant family members involved with the juvenile's treatment will complete a Satisfaction Survey to evaluate the progress the client has made throughout the course of treatment.

**Group Therapy Sessions:** Weekly group therapy sessions will be utilized to enhance the education, the motivation, and supportive options in dealing with personal change. Group therapy sessions will be the primary treatment modality and will be provided on a weekly basis. Unless indicated differently by the referring Probation Officer, attendance at a minimum of 12 group sessions will be required prior to successful discharge. Groups will be open-ended and will minimally run for 48 weeks out of the 52 weeks per year. Group therapy sessions are scheduled during the evening. Group sessions will follow the following topics:

- triggers and powerlessness
- positive self-worth and utilizing support
- influence of trauma on emotions and behavior
- recovery benefits
- cognitive restructuring
- communication skills
- refusal skills and maintaining sobriety
- relapse prevention
- developing trust and restoring relationships
- developing healthy future goals
- benefits of personal change
- decision-making skills

**Program Reports and Accountability:** One important component of program accountability will be the production and submission of an annual report by July 30, of each year, beginning in 2016 and annually thereafter. At a minimum, the annual report will include the following:

- Program history and progress
- Program overview

- Goal achievement
- Recommendation for continued services within the community
- Prognosis and aftercare plans
- And, any other reports or information related to the services provided when and as requested by the either the County or the Court.

LCCC will cooperate with all requested program audits and evaluations. LCCC will permit the 44<sup>th</sup> Circuit Court or Livingston County or any of its identified Agents access to the facilities and records being utilized at any reasonable time, to audit and evaluate the operation of the program. LCCC will submit to the 44<sup>th</sup> Circuit Court reports that indicate the effectiveness of activities performed under this Agreement as specified in the description of services in this Agreement.

LCCC has a strong commitment to Quality Assurance and staff development. The Quality Assurance Plan takes a comprehensive view of program services and includes psychiatric and psychological input. All therapists are regularly supervised by a Certified Clinical Director (CCS) and required to enhance their skills as clinicians through Continuing Education Units.

**Program Cost:** LCCC has submitted a proposed cost of \$225 for each 90 minute group therapy session. The proposed cost for an individual therapy session or for a family session will be \$75 and these will be of 50 minute duration.
