

U.S. Consumer Product Safety Commission

A SAFER GENERATION OF CRIBS

New Federal Requirements

5 New Federal Requirements:

- ☞ Traditional drop-side cribs cannot be made or sold; immobilizers and repair kits not allowed
- ☞ Wood slats must be made of stronger woods to prevent breakage
- ☞ Crib hardware must have anti-loosening devices to keep it from coming loose or falling off
- ☞ Mattress supports must be more durable
- ☞ Safety testing must be more rigorous

Beginning June 28, 2011 all cribs sold in the United States must meet new federal requirements for overall crib safety.

☞ SafeSleep is a campaign of the U.S. Consumer Product Safety Commission.
