#### For Grandfathered Plans Only

Please note that if medical, dental, or vision coverage is available to your adult child or becomes available during the year through their employer, he/she is required to take that coverage, even if you or your child feel that the benefits provided under that insurance plan are inferior to those provided by Livingston County and/or if there is a personal cost to having the other coverage. The adult child is eligible to return to the Livingston County health plan if the other source of coverage becomes unavailable, and Livingston County is notified within 30 days of the loss of other coverage.

If it becomes known that the adult child did have other insurance coverage available and you did not notify Livingston County of that coverage, you will be personally responsible for all costs incurred by Livingston County for the entire period of time that the adult child was eligible for the other coverage and/or dually covered. Employees will also be subject to discipline up to and including termination for failure to comply with this disclosure.
