

LIVINGSTON COUNTY HUMAN SERVICES COLLABORATIVE BODY

Health and Human Service Needs FACT SHEET

Underage Alcohol Use in Livingston County September 2019

What is Alcohol? Alcohol is a drug. It works like a sedative, attacking the central nervous system and acting like a downer. It is found in beverages such as beer, malt liquors, wine, wine coolers, and liquor. It is also found in many over-the-counter medications.

2017-2018 MiPHY data

How Does Alcohol Affect Young People?

Young people who drink alcohol are more likely than adults to drink to get drunk. Young drinkers become dependent on alcohol more rapidly than adults. According to the National Institute on Alcohol Abuse and Alcoholism (NIAAA), youth who begin drinking before the age of 15 are four times more likely to develop alcohol dependence than those who begin drinking at age 21, the legal drinking age. The consequences associated with teen drinking may include school problems, legal problems, and health problems. Teens that use alcohol are also more likely to engage in risky behaviors.

Are Livingston County Youth Drinking Alcohol?

Clearly underage drinking is a problem in our community and the related costs are staggering. Data regarding underage drinking indicates that:

- Alcohol is the **number one drug of choice for teens**.
- According to the Michigan Profile for Healthy Youth (MiPHY, 2017-2018), the age of first use of alcohol in Livingston County is reported to begin around **13 years**.
- By 9th grade, 9.5% of Livingston County teens have had their **first alcoholic drink** (MiPHY, 2017-2018).
- **58%** percent of Livingston County high school students say that alcohol is sort of or very easy to get (MiPHY, 2017-2018).
- 72% of Livingston County teens who drank alcohol **consume it in their home or a friend's home** (MiPHY 2017-2018).
- Across the county, 10.6% of Livingston County high school students have ridden in a car or other vehicle driven by someone who had been drinking alcohol one or more times during the past 30 days (MiPHY, 2017-2018).
- During 2017, there were **241 alcohol-related motor vehicle crashes in Livingston County** (UMTRI).
- Among Livingston County high school students that reported having sexual intercourse within the past three months, 15.4% reported using alcohol or drugs prior to their last sexual activity (MiPHY, 2017-2018).
- Binge drinking is defined as consuming 4 to 5 or more drinks on any one occasion. **13.2% of Livingston County 11th graders reported binge drinking within the past 30 days** (MiPHY, 2017-2018).

Substance abuse assessment, referral, counseling, case management, dual diagnosis, and substance use education programs for youth and adults. Detox and transitional living programs.

What Can the Community Do to Help? Underage drinking within the community is everybody's business. The cause is not from any one source and the solution cannot come from any one source. As a community, Livingston County must embrace its youth and work together to prevent underage alcohol use. This is a community problem that requires a community-owned solution. The following are some ideas of how to get involved:

- Work with your township, municipality, school district, and/or local law enforcement agency to recommend policies and/or ordinances to decrease youth access to alcohol.
- Join the Livingston County Community Alliance (LCCA). The LCCA is a broad-based, county-wide, coalition that works to establish healthy community norms regarding alcohol and other drug use through education, public policy development, and community services.
- Register your home as a "Safe Home"- an online registry in which parents take a pledge that their home will not provide nor allow underage drinking or youth substance use to take place
- Take a stand to change underage drinking.
- Be a positive role model.
- Be prepared. Your child may become curious about alcohol; he or she may turn to you for answers and advice.
- Use "natural" opportunities such as dinner time or while doing chores to start open, honest conversations about drinking.
- Never purchase or provide alcohol to minors.
- Network with other parents/adults.
- Roleplay how to "say no" and avoid risky situations.
- Check out other resources: neversaynevermi.com and livingstoncountycommunityalliance.org

Four Loko, Evil Eye, and flavored beer are popular alcoholic drinks among youth; Teens will often hide alcohol in unsuspecting places, such as pouring liquor into an empty bottle of water; Take note of the amount of alcohol in the home (Photo Credit: Prevention Network)

For more information or to become involved, contact Megan Palmer, LCCA Coordinator at 517.545.5944 or e-mail Livingston.Community.Alliance@gmail.com
