

After you have reviewed the draft recommendations from the Transit Master Plan, please fill out this feedback form to indicate your priorities overall, help confirm the implementation timeline, and rate your support for the recommended funding options of the plan.

Instructions for the Plan Implementation Timeline:

1) Use the **small box to the right of the actions to prioritize each of the 13 actions (where 1=highest priority, 13=lowest priority)**. If there are actions you do not support, please just draw an X through the small box and number the rest of the actions accordingly.

2) The dark gray lines indicate the recommended timelines of each action. **If you agree with the recommended timeline of an action, leave it as is.** If you think an action should be accelerated or that a different time frame would make more sense, **draw your own line below the recommended timeline to indicate how you think it should be phased instead.**

Plan Implementation Timeline				
Action	Priority Ranking (1-13)	Short-Term (1-2 years)	Mid-Term (3-5 years)	Long-Term (5+ years)
 Airport Service	<input type="checkbox"/>	Initiate service
