2022 updates are complete to the Master Plan Community Profiles on the Livingston County Planning Department website. For several years Principal Planner Scott Barb has been periodically updating these profiles for each of the twenty local units of government and the County, with review provided by each local municipality before they are released. The profiles can be used as an economic tool for marketing your community to developers, realtors and prospective new residents.

The profiles contain comprehensive information from the following statistical categories:

- ◆ **Local Government** - Local Government Contact Information, Elected Officials, Township and County Map and Master Plan Links. Sources: Livingston County Planning and Equalization Departments.
- ◆ **Population** - Population, Forecasted Population, Population By Age, Race and Hispanic Origin, Education Level, Households, and Household Size. Sources: Southeast Michigan Council of Governments (SEMCOG), and U.S. Census Bureau Decennial Census and American Community Survey.

- ◆ **Housing** - Housing Units, Housing Occupancy, Housing Types, Housing Value and Rent, Housing Tenure, and Building Permits. Sources: Southeast Michigan Council of Governments (SEMCOG), and U.S. Census Bureau Decennial Census and American Community Survey.
